

## **Potential Desalination Plant Sites**

The original seven sites (see Figure 1) included in the feasibility study were as follows:

**Carmel:**

A privately owned parcel of land immediately east of the existing Carmel Area Wastewater District (CAWD) wastewater treatment plant site near the Carmel River.

**Pacific Grove:**

The decommissioned wastewater treatment plant grounds.

**Sand City:**

The inactive wastewater treatment plant site located in Sand City.

**Monterey:**

The inactive wastewater treatment plant near the Naval Postgraduate School.

**Monterey Regional Water Pollution Control Agency (MRWPCA):**

An open piece of land within the new regional wastewater treatment plant grounds.

**Marina:**

Marina County Water District's (MCWD) active wastewater treatment plant site in Marina.

**Moss Landing:**

Pacific Gas & Electric's (PG&E) power plant at Moss Landing.
